

## TRAVEL INSURANCE GUIDANCE

**W**e cannot impress on you enough the importance of having an adequate travel insurance cover for your pilgrimage. The two most important aspects of travel insurance are medical cover and repatriation. Since 1983, we have witnessed several cases where unfortunately people had to pay tens of thousands of Pounds overseas to pay for hospital treatment or repatriation. Medical costs overseas are astronomical. Though the financial aspect of this is very important, having a travel insurance company team take charge of the necessary paper work and procedures is also very important and can take the pressure off your family in difficult times.

**T**ravel Insurance cover today is offered in abundance and usually included with household insurance, some bank and credit card accounts as well as online, not to mention the fact that many people buy annual policy travel cover, we decided to stop selling Travel Insurance cover. We are leaving it to you to source out a travel insurance policy that will suit you and cover all your needs, particularly pre-existing medical conditions. It is of paramount importance that you declare to your insurer all your pre-existing medical conditions to avoid your policy being null and void when you will need it.

**W**e now ask you to supply us with the emergency contact details of your policy and that of all the people you have included on your booking form in order to keep them on file in case they are needed. Unfortunately sometimes things can happen to people while they are overseas and occasionally the travel insurance details are needed when unfortunately people are unable to help themselves. It is during these times that we can help if we have your travel insurance emergency contact details and information on file. Providing this information in time, to hospitals abroad to supply immediate life saving treatment can make a big difference. We pray, we will never need to use this information, but it will offer you further protection if we have this information on file.

**Also please make sure that you carry a copy of your travel insurance policy with your other travel documents.**
